DeVry's New Emergency Alert System

SIREN
THE DEVRY EMERGENCY ALERT SYSTEM
Powered by Honeywell

The safety of DeVry students is a top priority. DeVry's new SIREN emergency alert system will allow us to provide real-time alerts and updates on emergency situations, location closings and other important communications to students via recorded voice, text or e-mail messages.

SIREN can only be effective if DeVry has your current emergency contact information.

Visit my.devry.edu today to enter your home/cell phone numbers, and e-mail address. Click on the SIREN logo to enter or update your contact information whenever it changes.

Please note that you must sign up to participate in SIREN. If you do not register, you will not receive these important alerts.

Visit **MY.DEVRY.EDU** to provide your contact information and sign up for SIREN.
